

The Heritage Society of Pacific Grove
Lecture Series presents

Hicks Stone
***“Edward Durell Stone:
A Son’s Untold Story of a Legendary Architect”***

Edward Durell Stone was one of the first American architects to experiment with European modernism, which he later rejected at the apex of its popularity for a warmer architecture rooted in the American tradition. Locally, Edward Durell Stone is well known the designer of our beloved and beautiful Community Hospital of the Monterey Peninsula. This slide-illustrated lecture by Stone’s son coincides with the release of his new book which documents the life and career of his father.

Friday, March 23, 7 p.m.
